

MO

**THE SALTAN OF SWING &
BUSTA MOOSE'S SIDE KICK**

For those old of enough to remember The Tonight Show with Johnny Carson, MO is the equivalent to Johnny Carson's side-kick, Ed McMahon.

Like Ed, MO doesn't say too much but a few one-liners and is constantly tongue chanting when he is excited or sees The Fabulous Mary Muffins.

MO is a sultan from Dubai and also, according to MO, the best drawer in the Middle East.

When MO reaches for one of his specially designed Crayola Crayons, the audience and everyone in the studio always gasp with relief!

BTW, MO can't really draw that well but no one has the heart to tell him or are too scared!
